## First Time Baseball

First Time Baseball is a developmentally appropriate introductory baseball program for children 3-4 years old. The program prepares children for organized tee ball in a fun non-threatening environment. Age appropriate 'soft' equipment is used in teaching throwing, catching, batting, running and agility. Parent-child groups perform motor skill tasks that gradually build confidence. As children show improvement, the skill stations are altered so that each child remains challenged. Parents spend quality time together with their child while learning how to properly teach and support them in sports. This is a very introductory developmental program that focuses on basics (not meant for advanced skill sets). Note early registration deadline due to equipment order.

**Who:** Ages 3 and 4 w/parent  
**When:** Mondays, February 27-March 19  
**Where:** Community Center  
**Fee:** (includes soft equipment package)  
 \$38 Resident; \$48 Non-Resident

## Together Time Music

Enjoy quality interaction with your child(ren) through musical play. Sing, move to music, play simple instruments, explore music through songs, dances, rhymes and finger wiggles. Activities are designed to increase your child's curiosity about music and to promote the development of language, listening, basic timing and social skills. Research has shown that children are most open to learning music between the ages of birth to age 5. Classes are fun and informal. Each family receives a set of Music Together ® materials: Two CD's, songbook and parent handbook.
